NUMBER 120

WATER SERVICE ON WEST SIDE IMPROVED

Representatives from the main office of the People's Water Company stated at the council meeting last night that the low water pressure conditions that exist in the hills sections of the west side will soon be relieved, as new six-inch mains are being laid in the entire territory. The property along Golden Gate, Vacca, Tewksbury, San Pablo, Montecito, Richmond and Castro are affected by these improvements, which will be made as rapidly as possible.

RENEW WATER RATE ORDINANCE

The ordinance regulating water rates in the city of Richmond, which has been in effect for years, was renewed by the council last night for the coming year.

One dollar and fifty cents per year per meter will remain in force for the water at residences throughout the city. Water to the city for sprinkling purposes will be sold at 20 cents per 1000 gallons.

Considerable discussion was occasioned over section 7, which states that meters thought to be faulty by the consumer can be brought to the city engineer for inspection. As an equipment is owned by the city to test the meters, the provision was argued to be needed by some of the council. However, a representative of the People's Water Company was present and stated that the company's meter testing apparatus would be placed at the use of the city. The cost of the testing of the meters to be played by the consumer in the event the meter is found to be accurate.

Section 8 makes it a misdemeanor for persons using water for irrigation to not turn off the water during a fire.

10TH STREET PROTEST TO BE HEARD

After a short discussion of the protests of the residents on Tenth street, between Barrett and Pacific avenues, demands that Richmond standard macadam be laid to alleviate the bad front of their property, the protest was granted a hearing, which was set at a public hearing Monday evening.

Twenty-eight signatures, representing over 75 per cent of the property owners along the affected street, were added to the petition.

Councilman Lane stated that on well founded rumor he had heard the Southern Pacific was soon going to utilize the franchise. They had along Tenth street, and it was argued that they had tracks, but little passing on either side of the tracks would be necessary. City Engineer Chapman stated that he had several times questioned the S. P. regarding the franchise, and that he had said that they would let the franchise lapse. The option on the franchise will expire on July 15.

Follett stated that if any more Richmond standard macadam was to be laid, the specifications should be revised. He pointed to Bissell avenue as a model of blinding pavement.

ALLIES BUYING POWDER NOW FOR 1917

That the allies are placing orders for powder for 1917 with United States munitions manufacturers was the statement of John Birmingham, former Expo. commissioner for this country, Sunday, as he left for New York, where he has a two years' contract with the Du Ponts to manufacture war powder for the European belligerents.

"New York is taking war contracts by the tens of millions of dollars," he said. "It has been estimated that since the war began contracts for munitions of war amounting to over a billion and a half of dollars have been placed in this country. And that is entirely outside of the millions on tens of millions spent for foodstuffs."

At the hospital Wibeck said that he wanted to die because he had no friends and was out of a job. He is a sailor.

WILL START MOVING INTO WALL'S CITY HALL TODAY

The ordinance requiring the removal of the city offices to Wall's building, for the preservation of the public safety, in that the public records of the city are in danger of destruction by fire, was given the second reading by the city council last night.

The various city officers have been placed in charge of the moving of their departments. The heads of the departments stated last night that they would start moving tomorrow.

The resolution to change the council quarters to the Wall building was passed by the council last night. Ludewig and Lane voted no.

The following is the decision of Judge McKenzie in the case:

This cause coming on regularly for hearing the 8th day of June, 1915, upon the plaintiff's complaint and the demurrer to said complaint, and upon the order to show cause issued by this court in this action, and the return of the defendants thereto; and the matters having been submitted to the court for decision.

It is ordered, that the demurrer to plaintiff's complaint be and the same is hereby overruled and the defendants are granted 20 days to answer. It is further ordered, that the restraining order heretofore issued by this court upon the complaint in this action, be, and the same is hereby modified to the extent of permitting the defendants, the council of the city of Richmond, to provide temporary municipal offices for the said city of Richmond, if the said council shall determine by appropriate action that the same be deemed necessary as an emergency measure for the benefit of the said city of Richmond, and in the event the said council of the city of Richmond, shall so determine by appropriate action that it is necessary to provide temporary municipal offices for the benefit of the said city of Richmond, said restraining order be, and the same is hereby continued in full force and effect, and the said defendants, the council of the city of Richmond, their, and each of their agents, attorneys, counselors, and all other persons acting by, through or under the authority or direction of said defendants, or either of them, are hereby enjoined and restrained from locating, selecting or designating, or occupying, or acquiring or accepting the site designated and described in plaintiff's complaint as block 25 of Wall's Harbor Center tract, as delineated upon that certain map, entitled, "Wall's Harbor Center Tract, Contra Costa County, Cal.," filed in the office of the county recorder of said Contra Costa county Cal., March 8, 1915, or any part thereof, or any building erected thereon, or any other building, or any other site, or for a permanent city hall site, or city hall building, for the said city of Richmond, until the final determination of this action, or the further order of this court.

Dated this 11th day of June, 1915.

FERNALD WOULD INSURE HALL

Councilman Fernald is very solicitous for the preservation of Wall's building. So solicitous is he of Wall's building that he proposed that the city council should insure it against fire. A bold proposition caused a ripple of mirth over the council chamber.

But next Fernald proposed that a fire insurance be placed on all of the fire houses that were owned by the city. This occasioned more mirth, and brought forth from the mayor: "That would be as absurd as to insure a reservoir against fire."

"KIDDIES" DAY AT RICHMOND
As a special feature today Manager De Lorme announces the exhibition at the Richmond theater of the film depicting the "Kiddies" day at the Exposition. It is filled with the many staid activities which made the day one of the greatest ever held at the Exposition and cannot fail to enlist the heart interest of all who see it. The children especially are anxious to see this great film.

THE CHICAGO STRIKE

About 14,000 carmen of Chicago struck yesterday. Most of the newspapers said that they were striking for increases in pay and shorter hours, but made no mention of the specific demands.

Maybe the omission was unintentional. But it seemed otherwise. The men are striking for an increase to 33 cents per hour for the first year and 36 cents per hour thereafter. They want no "runs" to take longer than twelve hours; they want night men to be guaranteed \$3 for six hours' work and they want no more trip runs on hourly pay.

Twelve hour days and wages at a rate of less than 30 cents per hour are conditions that don't look well in print. That is probably the reason most of the big afternoon dailies neglected to mention anything but the indefinite statement that the men wanted more pay for less hours of work.

The Chicago carmen are reputed to be the poorest paid street railway employees of the country. The company refused to grant the increases on the ground that they would add an expense that could not be met.

If that is so the men that are running the Chicago street car systems are wretchedly inefficient business men. Approximately 3,000,000 fares are collected on the two electric systems daily. That is an income of \$150,000 per day.

THE REMAKING

According to estimates presented to the British Parliament yesterday the cost of England's participation in the war in the year ending March, 1916, will be \$1,250,000,000.

The nations at war are piling up a war debt inconceivably large. It is said that the national debts of the various nations will be doubled by next February.

Labor will be at the mercy of capital. And labor will be expected to stand the burden of these mad years of war.

It is plain, however, that labor isn't enthusiastic about standing the expense. It is plain that at the close of the war, when some thirty million men, all trained to use a gun and all of them accustomed to the nearness of death, return to the work benches of the nations, that they will protest the paying of a debt that was not of their contracting. And they will make that protest stick.

"Unless we are to plunge into universal chaos," says Charles Edward Russell, editor of Pearson's Magazine, "with an imminent danger of an anarchistic jungle, there will have to be a remaking of the structure of civilization on a basis of closer association and better understanding among the children of men."

WHO ROBERT LANSING IS

For twenty three years fighting Great Britain has been the job of Robert Lansing, Acting Secretary of State. He has been Uncle Sam's lawyer in almost every piece of arbitration required between England and the United States since 1892. Since that time, when he was appointed associate counsel for the United States in the fur seal controversy, he has been almost constantly in the service of the United States Government.

More than that, he is generally acknowledged to have a longer and broader experience in international tribunals than any other living lawyer.

Lansing was born at Watertown, N. Y., October 17, 1864, entered Amherst College in 1882 and graduated in 1886. He studied law in Watertown for three years and then organized, with a cousin, the law firm of Lansing & Lansing, with which he was connected until 1907.

He was counsel for the United States before the Behring Claims Commission in 1896 and in 1897 and later in 1903 was associated with Elihu Root, then Secretary of War, as counsel before the Alaska Boundary Commission in London.

He continued to serve as agent of the United States before the American and British Claims Commission until his appointment as counselor of the State Department in March, 1914.

As a State Department official he has developed a direct, decisive manner of dealing with public questions. Known as a hard student of international law, his impress has been felt on all questions that have come up in the stressful period since he became counselor for the department.

Superb Venetian Court of the Panama-Pacific International Exposition, San Francisco, 1915

VARIETY of color and the use and blending of Doric, Ionic and Corinthian, with a little Phrygian given to the Byzantine architectural style, are shown in the two Venetian courts of the Panama-Pacific International Exposition at San Francisco in 1915. These courts are the connecting links in the Exposition scheme of courts, but they are to have a type of beauty not found elsewhere on the grounds. One of the Venetian courts connects the Court of the Four Seasons with the Court of the Universe, and the other connects the Court of the Universe with the Court of Abundance. The first one named is shown above. Every bit of the interior of the courts is a part of a color scheme that includes all of the Exposition colors. Since this photograph was taken the shrubs and flowering plants have been placed on all sides of the central paths, and their colors are in harmony with every pigment used in the remainder of the court.

MANY HEAR TALK ON WORLD WAR

A large crowd attended the Unitarian services in Polytechnic Hall Sunday night, when Rev. William Day Simonds, the eloquent minister of the First Unitarian church of Oakland, preached on "The Faith That Will Survive the World Shock of Battle."

"The first," said Rev. Simonds, "will be that this is a universe of law and intelligence; what a man or society sows, that and not the something else, will be reaped."

"The second is that justice and fraternity and family love are the universal and ever acting laws of society and will prevail."

Mr. McReynolds, the minister in charge, announced services for the remainder of the month, at which he will be the speaker. Next Sunday he will answer the question, "Is Jesus Christ a Myth?" and on the 27th, "Is Separation Necessary to Pilgrims?"

Prominent speakers are being engaged to alternate with McReynolds during the summer.

The Acquisition of WEALTH

Small savings, slowly gathered, are the silent but sure means by which thousands of men have risen from humble positions to places of power and affluence.

Fortunate are those who profit by this knowledge and begin a course of systematic saving.

330 Reply To Ad; Lang Tells How

One day
Last May
And everything
Began on one day
But this particular day
Was a blustering day
When I met Groom
The News highlighter
And advertiser.
I knew groom
In Pasadena
Where he learned
The advertising game.
He used to carry
The Banner
The time he had a car.
Some Kodaks
And other junk
Which he peddled
By an advertising stunt.
He interested
The dancin'
With hopes,
Gilded, glittering hopes
Of owning a sure enough car
By a little work.
And also, the dear girl,
Did picture herself
At the wheel
Of her own lovely car
With Bill by her side
And 'Pa and Ma behind
Her little foot
On the clutch.

Her little cap
On her little head
Quaintlets on her little
Hands.
And oh, chicken!
The future bloomed roseate
But alas and alack!
My friend Groom
Brought but one joy
And much gloom.
There were not cars enough
To go around.
Then he found Me—
A. C. (pronounced E. Z.)
Because in times like these
We are hard to find
We started the scene
For business.
With one-cent days
Groom said, use sense
It always pays.
I did and am happy now
Because 330 children,
Boys and girls and some
Grown-ups
Were made happy
Eating our ice cream cones
At one cent each.
These are our
Rambling views
Of what the News
Can do.
At advertising
Pardon me!

3 GREAT STARS AT RICHMOND THEATRE

Three motion picture stars in three great pictures will be seen tonight at the Richmond theatre. Each picture could be considered a feature if shown by itself, but when shown together, as they will be tonight, they make up a bill such as is seldom seen in any theatre.

Of course the really big feature is "Stolen Goods," a motion picture dramatization of Margaret Turnbull's great play, which has had such a remarkable run in all sections of the country. What makes the picture still more interesting is the fact that the leading part is taken by Miss Blanche Sweet, the famous photodrama star, supported by a Jesse Lasky company of exceptional dramatists.

Charlie Chaplin, the idol of the comedy stage, and now playing with the Essanay company, comes tonight in "A Jitney Elopement," a regular scream from start to finish. Maurice Costello will also appear in the great Vitaphone drama, "The Heart of Jim Bruce."

HERB DOCTORS MAKE SPECIAL OFFER TO DISCOURAGED SUFFERERS

MANY HAVE BEEN CURED BY THESE WONDERFUL HERBS.

To convince the most doubtful, we will give to any one mentioning this announcement, a seven days' treatment of herbs at half price. At the end of this trial you will be able to judge for yourself just how efficient this herb treatment is. We have letters of thanks for cures in almost every known disease. These letters from local and out-of-town sufferers are open for your inspection at our office. The following letter is one that will be of interest to hundreds of men and women who have been suffering and been unable to find relief at the hands of doctors. Read this letter from one of San Francisco's most prominent newspapers.

I am more than pleased to be able to endorse your effective method of herb healing. With a painful attack of acute muscular rheumatism, after having tried Swedish Massage and later the remedies of a well-known specialist, I came to you on the advice of Mr. Shoen, proprietor of the China Toggery, who stated that you were the best Chinese practitioner he knew.

With some apprehension as to your ability to accomplish what the others had severely failed to do, I commenced taking your herb tea, with the result that in a few weeks I found not only that the rheumatism has been eliminated, but along with it indigestion and a long standing constipation, which had threatened to become chronic. It will always be a pleasure to recommend you to my friends, as I have already done in many instances, feeling confident that in any case where you state you can cure a cure will be accomplished through your remedies. Very truly yours, H. H. HURLBUT.

SPORT

HAPPENINGS IN THE SPORTING WORLD

DIARY

"Elks Daub Oil on Chickies Wings, Now Everybody in Richmond Sings"

Richmond demonstrated that it had a better team than Petaluma in the game Sunday. And Richmond won, 13 to 4.

Petaluma went up in pairs, and that is why it lost. In the second, third, fourth, sixth and seventh innings the players left right ball, but in the others they went up in the fatal pairs. The first pair was the home team, who didn't have the horses with them. They must be buried in Hester's park in the Sage Hen town.

There were many big league, spectacular plays in the game. Eddie Benn, former Petaluma boy, now chasing for third for Lark, was the hero of the game. He got three hits out of five times, one home, one two-bagger, three runs and one spectacular, running down Lagorio near the plate in the fifth. He was assisted on the dash on the shoulders of the fans at the end of the game.

Frank Gordon pitched good ball, especially in the pinches. In the fifth with the bases full and men down a whiffed two and the other went out on an easy fly. McDonough, formerly of the Oakland Coast League club, was in Cleek's place, and though unused to catching a left hander, he got onto Gordon and was getting them in pretty shape by the end of the game. He will play with Richmond until Cleek feels able.

Ingraham is showing last year's form of hitting in the pinches. Twice with two on he singled, scoring four runs in all, and made two himself. Cutesy Cunningham made the prettiest peg seen on the local grounds in a long time, catching Lagorio at the plate in the fifth. Woods and

Hayes unspooled good ball. Woods for a young fellow promises to become a big brush indicator man. Richmond started in the very first inning to pile them up. Daniels laid down a pretty bunt and made it safe. Benn smashed to right, and Woodbury singled, hitting the base. Cunningham hit to Fitzsimmons, who put Woodbury out at second, but on a wild throw to first Daniels and Benn scored. McDonough walked, and Christianson singled, scoring Cunningham and McDonough. Conner died to Marant, who threw Christianson out at third. Gordon safe on Benn's error and Ingraham scored on the play. Daniels fouled out to Rheams. Five runs. Five hits.

Aggie in the fifth the totals got five more. Benn hit for two bags. Woodbury to center for three bags. Benn scoring. Christianson struck out. Ingraham singled, scoring McDonough and Cunningham. Conner singled. Ingraham going to third, and he scored on Gordon's sacrifice fly. Daniels out to Raby to Marant. Five runs. Six hits.

In the eighth Gordon singled. Daniels flew to Hollis. Benn scored. Gordon ahead of him on a homer. Woodbury and Cunningham out to left field. Two runs. Two hits.

The Petaluma Chickies made one in the third. Lagorio walked, Lester flew to right. Hollis safe on a fielder's choice. Andrade flew out to Cunningham who caught Lagorio at the plate. Fitzsimmons safe on Christianson's error. Lester scored on the play. Rheams out to Christianson. One run. One hit.

In the seventh, Marant struck out.

Logorio singled and Gordon walked. Lester, Hollis and Andrade, forcing Logorio across. Fitzsimmons singled, scoring Lester and Hollis. Coddington flew to Gordon, who doubled Fitzsimmons at first.

CONCORD WINS OVER CROCKETT

CONCORD, June 14.—Sixteen bingles against five for Crockett made the matter of annexing Sunday's game an easy matter for "Pop" Sorensen's side. The final score was 9 to 2.

Mickey Childs starred at the short patch and at the bat. The St. Mary's youngster made his first appearance and was a huge success. Out of five times at bat he scored three runs and got a triple, a double and two singles.

Jimmy Byrnes was behind the bat and put a lot of pop and ginger in the game. C. Sorensen distinguished himself with one of the greatest catches seen here in many a day. It was a one-handed nab of an apparition certain Texas leaguer.

DAILY NEWS WINS AFTER EIGHTEEN INNINGS

Hotter and Hotter grow the contests between the Daily News and their old rivals, the Terminals. It took 18 innings to decide the game yesterday morning and afternoon, and lasted into the morning and afternoon. The final score, after being tied in the ninth, thirteenth and fifteenth, was 11 to 9 in favor of the Daily News. Olan made a pretty three-bagger and Lane a two-bagger.

The victorious Daily News team is as follows: O'Rourke, third and catcher; Plinkett, third and left; Olan, short; Wright, first; Lane, pitcher; Hart, second; Johnson, center; Dolan, right; Perry, catcher and left. The Terminal battery was Moore and Gaddy.

MARTINEZ WINS SCORE, 7 TO 4

Superb batting and base running sealed the game for Martinez Sunday by a score of 7 to 4, although up to the eighth inning the teams were running neck and neck with a little bingle liable to decide the issue.

Red McClain was touched up for nine hits, while Babe Dennis let only three safe aways get by, one of these the longest home run in the history of the local diamond. This was by Weiland.

Eight boots by each team made the game the most ragged seen here in many a day. Even Sweeney seemed to have an off day and he made his first obble of the season. The score was 4 to 3 up to the eighth inning, when Martinez stepped forward with three bingles, which netted so many runs and won the game.

NO WINEHAVEN GAME.

On account of the absence of Manager Thurber, who spent the week end at Glen Ellen, the Winehaven team did not go into action with the Pauline M. S. G. W. at Oakland Sunday afternoon.

They plan to have a game for next Sunday, however.
